

Spotlight on Disease Team Awards - Genetic Skin Disease: Anthony Oro

Spotlight on Disease Team Awards - Genetic Skin Disease: Anthony Oro

Anthony Oro, M.D., Ph.D., spoke at the "Spotlight on Disease Team Awards: Genetic Skin Disease," an educational event presented at the CIRM Governing Board meeting on February 4, 2010. Oro is an associate professor of dermatology in the Stanford School of Medicine. He is a co-principal investigator on the CIRM Disease Team that is developing a stem cell-based therapy for epidermolysis bullosa.

The CIRM-hosted event was presented at the UCSF Mission Bay campus.
